

ChiliProject - Feature # 1038: Support URLs in custom fields

Status:	Open	Priority:	Normal
Author:	Andrew Smith	Category:	Custom Fields
Created:	2012-06-14	Assignee:	
Updated:	2012-06-14	Due date:	
Remote issue URL:			
Affected version:			
Description:	URLs in a custom field aren't clickable. Ideally they should be, either as a new Type or parsed before being output.
