

ChiliProject - Feature # 1101: Roles and permissions Introduce home section

| | | | |
|---|------------|------------------|--------|
| Status: | Open | Priority: | Normal |
| Author: | Chili Fan | Category: | |
| Created: | 2012-07-31 | Assignee: | |
| Updated: | 2012-07-31 | Due date: | |
| Remote issue URL: | | | |
| Affected version: | | | |
| Description: | | | |
| At roles for non members and anonymous i UnChecked all | | | |
| Next a non member logged in and still able to view latest project at home but at project Activity and News are only left over | | | |
| *---* | | | |
| *Now i have the idea to Introduce New "Home" section at start of Roles and permissions* | | | |
| View *Searh* IsHide/UnHide this at main title bar | | | |
| -View Home IsHide/UnHide this at main title bar- | | | |
| View *MyPage* IsHide/UnHide this at main title bar | | | |
| View *Projects* IsHide/UnHide this at main title bar //Latest Projects also UnDisplayed at Main of CP webpage | | | |
| View *More* IsHide/UnHide this at main title bar | | | |
| View *Help* IsHide/UnHide this at main title bar | | | |
| *---* | | | |
| *For Project section* | | | |
| View *Overview* UnHide/IsHide | | | |
| View *Activity* UnHide/IsHide | | | |
| View *Issues* UnHide/IsHide | | | |
| View *Gantt* UnHide/IsHide | | | |
| View *Calendar* UnHide/IsHide | | | |
| View *News* UnHide/IsHide | | | |
| View *Documents* UnHide/IsHide | | | |
| View *Wiki* UnHide/IsHide | | | |
| View *Files* UnHide/IsHide | | | |
| View *Repository* UnHide/IsHide | | | |
| View *Settings* UnHide/IsHide | | | |
| etc | | | |
| etc | | | |
| etc time tracking i have forget to mention and most other can be done already | | | |
| *---* | | | |

You have to make projects private if you want to "hide" them from non-member users, from what I understand from your request most of the rest is doable with the current permission system.
