<b>Description:</b> Would like there to be a div that pops up above the issue creation page the first time they create an issue. This div will contain things like:  * Chiliproject.org is not a demo, if you want to test out chiliproject check out the demo here * Issues are not for support, if you need help with chiliproject, please make a thread on the forums or ask in IRC * Here are the basic guidelines for creating issues on chiliproject.org: ** Do not assign the issue to any developer ** Do not assign a target version ** Only XYZ should be marked high priority ** etc.  Very rough example of what I'm imagining included
