

ChiliProject - Feature # 332: Variables in Footer of Mailnotifications

Status:	Open	Priority:	Low
Author:	Ingo W.	Category:	Text formatting
Created:	2011-04-13	Assignee:	
Updated:	2011-04-13	Due date:	
Remote issue URL:			
Affected version:			
Description:	It would be nice to have sth. like {{issue_id}}, {{project_id}} etc. in the Footer Box to create links that go directly to the issue/project etc.		

History

- Category changed from Mail Sending to Text formatting

Putting this into the Text formatting category. I'd imagine that if this was done it would work in all of the other text fields too.
