

ChiliProject - Feature # 336: Per-Project Mail Emission Settings

Status:	Ready for review	Priority:	Normal
Author:	Lawrence McAlpin	Category:	Mail Sending
Created:	2011-04-14	Assignee:	
Updated:	2011-05-20	Due date:	
Remote issue URL:			
Affected version:			
Description:	I would like to set up projects that each use a different email address when sending notifications to users. The current mail emission address in the Administration > Settings > Email Notifications screen should be used when no per-project email address is provided.
