ChiliProject - Bug # 410: [AAJ] Check that attachment deletion messages were merged

Status:	Declined	**Priority:**	Normal
Author:	Eric Davis	**Category:**	Journals / History
Created:	2011-05-13	**Assignee:**	Eric Davis
Updated:	2011-05-13	**Due date:**

Affected version:

Description: I'm not sure if the issue attachment deletion notice survived the merge (commit:5d2899ee),

History

2011-05-13 07:55 pm - Eric Davis

- File attachments-aaj.png added

- Target version deleted (2.0.0)

- (deleted custom field) deleted (unstable)

- Status changed from Open to Declined

Looks good to me. Attaching a file and then removing it is changing the journals correctly and destroying the Attachment.
