ChiliProject - Bug # 569: Text formatting help link redirects to wiki

Status:	Open	**Priority:**	Normal
Author:	Tom Rochette	**Category:**	chiliproject.org Website
Created:	2011-08-09	**Assignee:**	
Updated:	2012-02-22	**Due date:**	

Remote issue URL:	
Affected version:	
Description:	It seems that some routing has broken the link provided when adding coments or new issue
	https://www.chiliproject.org/help/wiki_syntax redirects to
	https://www.chiliproject.org/projects/chiliproject/wiki/Help while I'd expect the pop up wiki syntax instead.

History

2011-08-13 11:07 am - Felix Schäfer

I've seen this too, I'll try to look into it this WE.

2012-02-22 06:05 pm - Kris Lou

Still broken in 3.0 (or whatever version the live site is running at this point in time).
