

ChiliProject - Bug # 942: migrate from mantis script fails on first project with attempt to double allocate tracker id.

Status:	Open	Priority:	Normal
Author:	Alan Chandler	Category:	
Created:	2012-03-21	Assignee:	
Updated:	2012-03-21	Due date:	

Remote issue URL:

Affected version:

Description: I am trying to compare redmine and chiliproject, but before I can do so I need to migrate my mantis database

The following fault in the migrate_from_mantis script is in both. I have reported it to redmine, so now I am reporting it to you.

I am including a patch which seems to fix it, but I need to warn you that I am learning ruby and rails as I go along, so I am not sure its correct.

There is also another bug, which I will report in a minute, which I don't know how to fix

About your application's environment

```
Ruby version      1.8.7 (x86_64-linux)
RubyGems version  1.8.15
Rack version      1.1.3
Rails version     2.3.14
Active Record version  2.3.14
Active Resource version 2.3.14
Action Mailer version 2.3.14
Active Support version 2.3.14
Application root  /home/alan/dev/chiliproject
Environment       production
Database adapter  sqlite3
Database schema version 20120131142401
```

Migrating users.....
