

ChiliProject - Feature # 958: Update author in mail header

Status:	Open	Priority:	Normal
Author:	SÃ@bastien de Chateauevieux	Category:	Mail Sending
Created:	2012-03-30	Assignee:	
Updated:	2012-03-30	Due date:	

Remote issue URL:

Affected version: 3.0.0

Description: hello

Sorry for my bad English ...

There are not update author in mail Header.
Actually i have :

```
<pre>
X-Chiliproject-Site: MySite
X-Chiliproject-Host: mysite.fr
Precedence: bulk
X-Chiliproject-Issue-Author: Toto
X-Chiliproject-Project: mysite-project
X-Chiliproject-Issue-Id: 1
X-Mailer: ChiliProject
X-Chiliproject-Issue-Assignee: Tata
X-Chiliproject-Type: Issue
Auto-Submitted: auto-generated
</pre>
```

Mail header is good for message filtering. Update author (people how have make issue change).
Example : X-Chiliproject-Update-Issue-Author: Titi

In french :

L'auteur de la modification/creation de demande n'est pas present dans le header du mail. cela serai tres pratique de l'avoir.

Path proposition. Insert Update-Author for all mail update.

```
